Foamex is comprised of PVC foam board and is incredibly rigid and sturdy. Available in 3mm and 5mm thick, Foamex can be customised with a matt or gloss finish and is great for use both indoors and outdoors. Ideal for: point of sale display, retail, exhibitions, events, trade show.

Foamcore is made of a lightweight polystyrene foam centre sandwiched between two sheets of smooth white card, mounted with vinyl. It is available in either 5mm or 10mm thick and comes with the option of a matt or gloss finish.

Ideal for: point of sale, indoor signage, retail signage

Correx is a material made up of two sheets polypropylene with a corrugated inner. Our Correx comes in 4mm thick and is waterproof, so is most commonly used outdoors. It's tough, lightweight, economical and can be recycled.

Banner Vinyl (PVC) is crafted from front lit, high density yarn, Banner Vinyl is slightly textured, with a matt finish. Offering great readability, it's economical and flexible enough for everyday use, whilst still keeping your printed colours vibrant and bold.

Ideal for: point of sale, exhibitions, events, retail and reception displays

Prices correct at printing - OCTOBER 2022. Please note Litho printing does not benefit from the automatic 10% off ordering via Marketing Toolkit and Instant Print App.

Delivery charges:

For digitally produced items a standard £5.20 per delivery is applied to each order. For items that are litho printed please find indicative number of boxes. We will confirm this at the time of order.

Quantity	Delivery	Number of Boxes Estimated
1,000	£5.50	1-3
3,000	£9.95	2-10
5,000	£14.95	4-15
10,000	£19.95	8-25

Further information: Next day delivery is only available on selected products and orders completed before 12 midday, to mainland UK addresses. Unfortunately orders cannot be split out and sent to different addresses or collated with other orders that have different turnaround times.

Design Services Options

Whether you have your own in-house design team, in-house administration resource or you require a fully outsourced, bespoke design service – Ravensworth has a design service option to suit.

- **Microsoft Word Template Service**

Create your own property details using simple templates that have been professionally designed by Ravensworth. We are also integrated with many estate agency software providers enabling print ordering to be part of your everyday business process.

- **Managed Service**

Ravensworth design and maintain templates, managing the creation of your property details to your own corporate guidelines – including high quality scanning, management of design and image quality, full colour proof and amend service.

- **Bespoke Design Service**

Individually designed brochures for that extra special property or development.
Prices available upon request.

Other Marketing Materials

Whether you are looking to boost your high street presence with a high impact re-brand or maximise your reach with effective direct mail and door-to-door solutions, contact us to discover how Ravensworth can help.

Property Particular Production and Delivery Times

Prices

Prices are per brochure and exclude VAT. Minimum order of 30 for standard and non-standard sizes. Add £5.20 delivery charge per drop.

Digital Print

Production and Delivery Times

On orders received before 12 noon allow:

- 1 working day for 200gsm
- 2 working days for 170, 250, 300 and 350gsm or lamination. Allow a further 24 hours for saddle-stitching
- 2 working days for backlit window cards
- 3-5 working days for posters (A1 and A0 sizes) and banners

Quantities over 500 require an extra production day.

Litho Print

Production and Delivery Times

Please allow 5 working days for all Litho production.
